

International Baccalaureate (IB) Equivalencies

Colorado State University awards credit for IB Examinations as outlined on the chart below. The number of credits awarded for successful completion of an IB Diploma program will be a minimum of 24 semester credits. Students that have earned an IB Diploma and have a score of less than 4 on an exam may see the number of credits granted reduced accordingly. (HB 03-1108 – sub section d)

CSU awards credit for most examinations on which a score of a 4 or higher is earned. Examinations with a score below a 4 do not earn credit. Credit for most exams is awarded at the standard level or higher level. Credits may be used toward the 120 credit minimum requirement for graduation and may be used toward general education requirements.

For more information about IB please see the [IB website](#), or contact the Registrar's Office at (970) 491-7159. **These equivalencies have been reviewed by the appropriate college/department and are not eligible for re-evaluation.**
