Signature of Student: _____

S/U Major Advisor Approval Section:

Section ID Section Number Credits Course

I authorize this student to use S/U grading for the course listed above. Date: _____

Printed Name of Major Advisor: _____

Signature of Major Advisor: _____

IMPORTANT – PLEASE READ

Undergraduate students, except first term freshmen and transfers, with a cumulative Colorado State grade point average of 2.00 or better and with the advisor’s consent, may register for approved courses on an S/U basis. **This work may not be in areas of study required in the student’s major or minor or for teacher certification** (i.e. it must consist of free electives not specified as to general area of study. A 20-credit social science requirement, for example, would not be considered a free elective).

Graduate students taking S/U courses are also subject to limitations imposed by their graduate committees and departments. **Required courses may not be taken on a student option S/U basis.** Courses which are offered S/U only or instructor option S/U are acceptable. Background courses may be taken student option S/U if departmental policies permit.

S/U DIRECTIONS:

1. Register for the course then check the Grade Mode column on your registration page. “Trad within Student Option” means the course is available S/U. All courses are available for Audit.
2. Submit this completed form no later than the end of the add/drop period for the course to the Office of the Registrar. Bring the form in person with your photo ID to the Office of the Registrar, Centennial Hall or email it to registraroffice@colostate.edu from your CSU email address.
3. You may elect **ONE** S/U grading course per term (see grade mode description in catalog: <http://www.catalog.colostate.edu>). S/U is not available in courses required by your major, minor, teacher licensure or for AUCC requirements.
4. You are responsible, with assistance from your advisor, for determining that you are eligible to use the Student Option S/U graded courses in fulfilling your degree requirements.
