September 8	Census <ul style="list-style-type: none"> Add/Drop Deadline Student Option S/U and Audit Grading Deadline

General Catalog

The 2021-2022 General Catalog will go live in early August. Approved curriculum, courses, and policies for the coming academic year will be published with this new edition. You can access the General Catalog on the [General Catalog website](#). This link will automatically update; however, you may need to refresh your browser to view the new edition after we publish. Thanks to the hard work of the Curriculum and Catalog unit and contributing members of the Office of the Registrar for completing this project.

COVID-19 Box in RAMweb

The COVID-19 information box was retired from RAMweb on June 1. Students can still access the COVID-19 Symptom Reporter tool by using the new button located in the Profile box on the main page of RAMweb.

The Office of the Registrar and COVID-19

The Office of the Registrar will begin offering in-person services and student support on **Monday, August 2nd**. We are excited to provide this service again! We will continue to provide contact methods through the following ways to provide accessible service once we transition back to the office:

- Phone: (970) 491-4860
- Live Chat: Available on the [Office of the Registrar website](#) and for students [via RAMweb](#).
- Email: registrarsoffice@colostate.edu. Email volume is currently high; bear with us as there might be a short delay in our response time.
- Zoom Consultations: Zoom consultations are available for students to schedule. Have them [email the office](#) directly to do so.

S/U Grading will be available for Summer 2021 due to COVID 19.

- Students can submit an S/U grade request via RAMweb soon as their grade appears
- Formal Deadline: August 15th at 11:59 PM MT
- Beginning August 16, our team will work to process any pending requests by the end of the business day, and then they will process pending requests as they come in
- As a reminder, A+ and A grades will be shown as “not eligible” as those grades can only help the students’ GPAs

Refer to our [COVID webpage on our website](#) for more Registrar specific information. For university-wide information and updated academic policy changes, refer to [CSU's COVID page](#).

CSU Trivia

Q: In what year was the first CSU – CU football game played?

A: 1893

Employee Study Privilege

Fall Semester 2021 will be here before you know it! If you are thinking about taking advantage of the Employee Study Privilege (ESP) Program, be sure to submit your ESP form for your on-campus courses to the Office of the Registrar by end of day Monday, August 23, 2021. For CSU Online courses, you must submit a separate form to CSU Online. Before submitting your form, carefully review it to make sure it is complete. Ensure all required signatures are present and the applicable boxes and blank fields in every section on pages 1 and 2 have been completed, so as not to delay processing. To easily upload your ESP form, simply go to the [Registrar's Employee Study Privilege website](#). Please note, the Employee Study Privilege Program benefit year commences Summer session and ends Spring semester. This means the number of credits you can take per year will refresh for Summer!

Billing credit for the study privilege will be applied to your account 3-4 weeks after the Fall 2021 census (September 8, 2021). Because the study privilege may not be credited to your account until *after* the September 10th payment due date, the payment deferral charge will be waived in September. Any remaining balance after the credit is applied to your account will be due October 11, 2021. You can access the current ESP form on [Human Resource's website](#), which also houses FAQ's about the program, or at the [Registrar's website](#). Note, employees registering at an undergraduate level who are classified as Colorado residents for tuition purposes must apply for and authorize the use of the Colorado Opportunity Fund (COF), except for undergraduate students registering for 600+ level courses. Failure to authorize COF will result in an additional charge. For more information on COF, visit [the Office of Financial Aid's COF webpage](#).

New DARS Tutorial Video Posted

The Office of the Registrar's website has a new Degree Progress Audit (DARS) tutorial video posted. To view the video, navigate to the [Degree Progress Audit page](#). The video is located at the bottom of the page.

AP Score Delay

We learned from College Board that AP exams are going to be delayed this year. As a result, the scores will be submitted to CSU later than usual. This could potentially cause issues for students who are registered for a course they may have earned credit for through their exam score. The first two administrations of the exam will be released on *July 21st*. The late exam score release date has not been provided.

Goodbye, Matt!

Matt Smith retired from CSU on June 30th after over 26 years at CSU and 17 years in the Office of the Registrar. Matt has been an invaluable employee. The final big project of Matt's CSU career was assisting CSU Pueblo with movement from their home-grown student information system to Banner. Matt cared deeply about doing the right thing the right way, and the success CSU Fort Collins had over the years with our Student Information Systems is based on the foundation created by his efforts. He will be missed, not just as a reliable and hard-working colleague, but as a friend. Thank you for your dedication and contributions during your career at CSU, Matt. Enjoy kayaking your way through retirement!

Celebrate Success!

In early April, the Fall 2021 schedule was built, registration was underway, and the Academic and Classroom Scheduling team could catch their breath after adjusting four terms to respond to COVID-19. 60% of our sections were online or hybrid. When they received news that the University was returning to in-person, 100% capacity, the team took what seemed like an impossible task and made it possible by analyzing every single section to determine how to bring classes to F2F delivery. Every person on the team worked early mornings, late nights, weekends, and 50-60 hours/week to make the transition happen. Now, 88% of our sections are fully in-person, and they brought back 97,686 face-to-face seats in a few short weeks. Thank you, Academic & Classroom Scheduling team!!!!
