Fall 2023 Dual Enrollment Request Form

We are delighted you will be taking advantage of the Dual Enrollment option offered through your high school. This program allows you to take Colorado State University (CSU) classes for college credit while you are still enrolled in high school. What a great way to get a jump-start on your higher education!

The Dual Enrollment option is a great opportunity to help you learn the process for attending CSU. As such, you are required to submit information to Colorado State University and register for classes the same way regularly admitted students do. There are five steps in this process; those marked with an asterisk must be completed each semester you intend to enroll in CSU courses through Dual Enrollment:

- Step 1: Complete the Enrollment Request Form (this packet)*
- Step 2: Create your NetID (university login)
- Step 3: Complete Registration Ready*
- Step 4: Apply for and authorize COF (Colorado Opportunity Fund)
- Step 5: Register for classes*

This enrollment request form serves as a request to register for classes through the Dual Enrollment program established with your high school. The form contains several sections; some need to be completed by the student and parent, and others need to be completed by an official in the school district. Be sure all sections are complete and contain the appropriate signature(s).

Once your enrollment request form is received by the CSU Office of the Registrar and processed by the Office of Admissions, we will contact you via email so you can continue with steps 2-5 for registration.

Please type or print legibly in ink. Be sure to answer ALL questions and sign this form.

DEADLINES:

The Enrollment Request Form (Step 1) should be submitted to the high school administrator at your school by July 31, 2023, and no later than August 4, 2023, so the form may be submitted to the CSU Office of Admissions on time. Classes begin for the Fall 2023 semester at Colorado State University on August 21, 2023. Forms received by Colorado State University after September 6, 2023, will not be processed.

The remaining steps (2 – 5) must be completed no later than September 6, 2023. Requests for late registrations in the Dual Enrollment program will NOT be processed.

CRITICAL INFORMATION

We're committed to providing a safe and welcoming environment that fosters student success, and our review of non-academic conduct is one component (authorized by C.R.S. 23-5—106.5). Applicants who answer "Yes" to one or more of the conduct questions below receive confidential review outside of the admission decision process. Past non-academic conduct incidents do not automatically disqualify an applicant from full consideration for admission and scholarships, and applicants have the right to appeal a decision made based on any information required to be disclosed here.

Are there any pending charges against you? Yes No

Do you have prior convictions* OR prior disciplinary history at another academic institution (including pending disciplinary proceedings) for stalking, sexual assault and/or domestic violence? Yes No

Have you had any convictions* within the past five years for assault, kidnapping, voluntary manslaughter or murder? Yes No

*This means a conviction by a jury verdict or by entry of a verdict or acceptance of a guilty plea or a plea of *nolo contendere* by a court. It does not include a plea to a deferred judgment and sentence until the deferred judgment and sentence is revoked. You are not required to disclose any information contained in sealed records.

If you answered yes to any of these questions, provide a concise explanation that includes the date(s), times and location(s) of the incident(s), who was involved, and details regarding what happened. Note which charges, if any, are pending. In cases of conviction and/or disciplinary action, specify what convictions, charges, or sanctions (if any) were brought upon you as a result, what penalty/remedy was assessed (if applicable) and how the situation has resolved. It is important to touch on what you've learned and what changes, if any, have resulted. Your response will be reviewed by our Student Resolution Center (SRC) before your application is review for a decision, and additional information may be requested by SRC as needed.
