Registration is Coming

Did you know that the Office of the Registrar has registration help documents and videos?

> Academic Resources ▾   Registration ▾   Earning My Degree ▾

Our office has developed many videos and training documents to assist staff and students in navigating our systems. You can access these tools under the Registration Drop down on our website by selecting "Registration System Help Documents". These tools do require your NetID login as Banner is a proprietary product from Ellucian and therefore, we are restricted from allowing general public access to these resources. Please take time to review what we have available and please share these resources with your students.

Do you have an advisee who will be attending the Spring 2024 Semester at Sea voyage?

Spring 2024 Semester at Sea course registration will begin October 3.

Students attending the Spring 2024 voyage will be able to register for their Fall 2024 classes while on board, so when you meet with your students, it may be worth discussing both voyage classes and their Fall 2024 schedule.

These students will also have Registration Access times that will look different from what you are used to seeing in ARIESweb. Don't be alarmed! They will return to their normal access times for Fall 2024 registration.

Banner Logout

When closing your Banner pages, please log out completely to correctly end your session. To do so, click the log out button from the left side of the page near the bottom or use the shortcut CTRL + SHIFT + F. When you close the window by clicking the X button in the corner, it does not end the session, and we risk hitting the maximum number of connections. If that happens, users may experience system slowness or other issues.
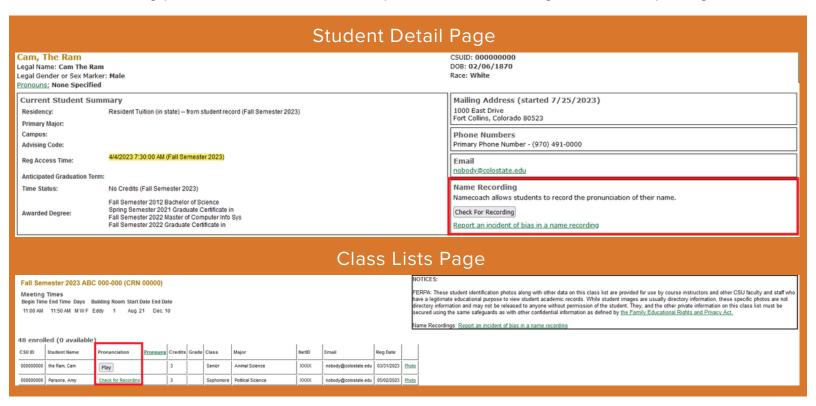

NEW! Namecoach

Namecoach, the audio name pronunciation tool first introduced in Canvas, is now available in RAMweb and ARIESweb. The addition of Namecoach to the portals adds functionality that helps promote inclusion and belonging for our campus community.

Students can record and edit their name pronunciation via the "Record Name Pronunciation" tool in the Student Record section of RAMweb.

In ARIESweb, faculty and staff can listen to the name recordings in two areas: on the student detail page of an individual student (full ARIESweb access only), and in viewing a Class List.

Should a recording pose an incident of bias, a report can be filed using the online reporting form.
