(2) CRN: XXXXX Please contact the help desk

- CRN: 47401 Please contact the help desk

Most likely you have two Registration/Plan Ahead open in two browser tabs. Close them and start over and this time, just open Registration. Remember that you can register directly from your Plan by choosing the Plans tab when you are Registering for Classes.

(3) CRN: (section) Section is invalid

- CRN: 68704 Section is invalid

The section you planned has possibly been cancelled or you had an error when typing in a CRN. Double check the CRN, find another section, or speak with your Advisor/Academic Success Coordinator to review possible alternatives.

(4) Department Approval Required

- AMST 101 CRN 69473: Department Approval

You must contact the department or the instructor for approval to register for the course. If approved, they will enter an override to allow you to register.

(5) Dept Approval-Restricted Add

- AMST 101 CRN 69473: Dept Approval-Restricted Add
Registration Errors - Types and Solutions

The first week of the course has passed. You may have missed too much content to successfully complete the course. You must contact the department or the instructor for approval to register for the course. If approved, they will enter an override to allow you to register.

(6) Dropping last class

Dropping last class must be completed through a Semester Withdrawal (contact the Office of the Registrar for assistance).

As the semester has started, you will need to go through the Semester Withdrawal process in RAMweb in order to drop all the courses/no longer be registered for this term. To submit a Semester Withdrawal, go to RAMweb, select “Menu,” then “Registration,” and then “Semester Withdrawal”.

(7) Duplicate Course with Section (CRN)

AMST 101 CRN 69473: Duplicate Course with Section 74933

CRN: 66967 Section is a duplicate of an existing registration.

You are already registered for a section of this course. If you want to swap sections, change the “Action” dropdown to “Drop on Web” for the section you no longer want and change the “Action” to “Register on Web” for the section you are trying to get into. Check the Conditional Add and Drop box. Now Submit the request.

(8) Instructor Approval Required

AMST 101 CRN 69473: Instructor Approval

You must contact the department or the instructor for approval to register for the course. If approved, they will enter an override to allow you to register.

(9) Invalid Level for Course

CRN: 68490 Invalid level for course.
 Registration Errors - Types and Solutions

Your level (e.g. Undergraduate, Graduate, Professional, or Self Improvement) does not match the level(s) of the course noted in the General Catalog. Unfortunately, it is unlikely you will be able to register for this course. If you have further questions, you can contact the Office of the Registrar. Please note, this is a different error from the “Student level restriction” error (number 19 in this document).

(10) Linked (Laboratory, Lecture, Recitation) required

The course has an additional component: lecture, lab and/or recitation for which you must register at the same time. After you click on the course title, the “Course Description” tab will have the information regarding additional components for which you need to register. There will also be information regarding any specific recitations/labs for which you will need to register. You can also follow the “View Linked” button in the rightmost column of the Class Schedule search results to show you exactly which components need to be registered for. Add all courses to your registration summary and submit at the same time.

(11) Major, Minor or Concentration Restriction

The section is restricted to specific majors, minors, or concentrations. You can check by clicking on the course title and reviewing the “Restrictions” tab. In many cases, the section will be opened to all other majors after a certain date. If you feel that you should have been able to register for that particular section, contact the course department for more assistance.

(12) Maximum Hours Exceeded

Undergraduates may take up to 18 credits, graduates may take up to 15 credits, and professional veterinary medicine students may take up to 26 credits. Registering for this course would put you over the credit limit for your level. Please note: For undergraduate students, credit overloads of 21 or more must also be approved by the Department Head; for graduate students, overloads must be approved by the Graduate School. Contact your advisor/academic success coordinator to discuss what option will work best for you.
