## Not Registered Yet Report

We are excited to introduce the Not Registered Yet report! This new feature allows those with ARIESweb access to see which students in their department have not yet registered for the upcoming semester. This information is protected by FERPA and should NOT be shared with unauthorized personnel.

To access the report, navigate to ARIESweb and click Department-Specific Data > Department Reports > Not Registered Yet. If you hover over the question mark, you can access a help document with information regarding the report.

## Course Withdrawals vs. Semester Withdrawals

Though similar in name, course withdrawals and semester withdrawals are two very different registration actions that students can take when trying to remove themselves from one class, multiple classes, or their entire schedule.

**Course Withdrawal:** This registration action is after the course drop deadline has passed when a student wants to withdraw from one or more individual courses while remaining enrolled in some credits. Withdrawals will display on a transcript with a W grade for the individual course or courses for the semester. Students can get to this action by getting into the registration portal in RAMweb and changing the dropdown to "Withdraw from Course on Web" for the applicable course or courses.

66410	CO 150, 003	3	College Composition...	Lecture	Registered	None
65617	HORT 100, ...	4	Horticultural Science	Lecture	Registered	None
65618	HORT 100, ...	0	Horticultural Science...	Laboratory	Registered	Withdraw From Course on web
69746	ANTH 100, ...	3	Introductory Cultural...	Lecture	Registered	

**Semester Withdrawal:** This registration action is used when a student wants to withdraw from all of their courses in a semester. This option goes into effect beginning the first day of courses for that semester. Students can get to this action by going to RAMweb and clicking Menu > Registration > Semester Withdrawal. Tuition assessment appeals are an option for semester withdrawals submitted in the Spring or Fall semesters.

## Do you have an advisee who will be attending the Fall 2025 or Spring 2026 Semester at Sea voyage?

Students attending the [Fall 2025 voyage](#) will be able to register for their Spring 2026 classes while on board.

The [Spring 2026 voyage](#) offers an amazing global study abroad experience for students "exploring countries in Asia, Africa, and Europe". Students who will be attending the Spring 2026 voyage will begin registering this Fall. If you have an advisee who will be participating, when you meet with them, it may be worth discussing both Spring 2026 voyage classes and their Summer/Fall 2026 schedules since registration will open while they are on the ship.

We're excited to announce the upcoming launch of the newly redesigned ARIESweb, set to go live this September! Built on a modern architecture, the new platform offers improved performance, enhanced security, and a more sustainable foundation for future development. The updated ARIESweb introduces several key improvements designed to make your experience more intuitive and efficient:

- **Streamlined Request Process**
  - Submitting requests and managing approvals is now faster and easier with a simplified process.
- **Enhanced Organization & Navigation**
  - A new side menu helps you quickly access the tools and features you use most. Plus, a centralized Help Center offers guidance on how to request access and who to contact for support.
- **Mobile-Friendly & Accessible**
  - Designed to work seamlessly across devices, the new ARIESweb is responsive and built with accessibility in mind, ensuring a better experience for all users.

As we approach the September launch, we'll be sharing more details, including training materials and support resources to help you get started.

Stay tuned—and get ready for a better ARIESweb this fall!

Fall 2025	
<b>Employee Study Privilege</b>	

Fall Semester 2025 is just around the corner, so if you're thinking about taking advantage of the Employee Study Privilege (ESP) benefit, be sure to submit your ESP form for your on-campus courses to the Office of the Registrar by end of day Monday, August 25, 2025. For CSU Online courses, submit a separate form to CSU Online.

Billing credit for the study privilege will be applied to your account within 3-4 weeks after the Fall 2025 census date (September 10, 2025). Because the Study Privilege may not be credited to your account until AFTER the September 10th payment due date, the payment deferral charge will be waived in September. Any remaining balance after the credit is applied to your account will be due October 10, 2025. You can access the current ESP form by going to this link on the Human Resources website. There, you can also find Frequently Asked Questions about the program.

Before submitting your form, carefully review it to make sure pages 1 and 2 have been completed in their entirety so as not to delay processing. To easily upload your ESP application, simply go to this link on the Office of the Registrar website.

Please note, employees registering at an undergraduate level who are classified as Colorado residents for tuition purposes must apply for and authorize the use of COF, with the exception that undergraduate students registering for 600+ level courses are not eligible for COF. Failure to authorize COF will result in an additional charge to your student account. For more information, please visit this link on The Hub for Student Service's website. As a reminder, employees are also responsible for applicable course fees and book charges.
